

September 17, 2025

To help grantseekers for the 2025 Health Data Nexus Dataset Grants plan their application using the online form, this PDF includes all the questions and word counts on the application.

Final applications for the grants MUST be submitted using the online form on the T-CAIREM website:

<https://lmp.forms-db.com/view.php?id=631462>

Full details on the 2025 Health Data Nexus Dataset Grants can be found on our website:

<https://tcairem.utoronto.ca/health-data-nexus-dataset-grants-call-proposals>

We look forward to reviewing your application!

T-CAIREM • 2025 Health Data Nexus Dataset Grants: Application Form

This form is intended for researchers applying for a T-CAIREM 2025 Health Data Nexus Dataset Grant. Two grants are available. These grants are administered by T-CAIREM at the University of Toronto's Temerty Faculty of Medicine.

The application deadline is October 10, 2025 (Friday @ 5pm ET). Applications submitted after the deadline will not be considered.

PLEASE NOTE

- When filling out this application form, you can save and resume your place later. PLEASE save your work as you fill out this application in case of system errors or computer glitches.
- Both a full application and CV(s) for Principal Applicant and Co-Principal Investigators and co-Investigators must be submitted for each project. There's a template available and we've included the link to it in the CV section.

- If you have any questions, please contact Zoryana Salo, T-CAIREM Centre Administrator (zoryana.salo@utoronto.ca).

Title *

Maximum of **40 words** allowed. *Currently Entered: 0 words.*

Abstract *

Maximum of **150 words** allowed.
Currently Entered: 0 words.

Name of Primary Applicant (Principal Investigator) *

First

Last

Institution/Faculty/Department *

Maximum of **20 words** allowed. *Currently Entered: 0 words.*

Position *

Maximum of **50 words** allowed. *Currently Entered: 0 words.*

Institutional email *

Preferred email *

Co-Principal Investigators (if applicable)
[Name, Institution/Faculty/Department, Position, email]

Maximum of **200 words** allowed.
Currently Entered: 0 words.

Co-Investigators (if applicable)
[Name, Institution/Faculty/Department, Position, email]

Maximum of **200 words** allowed.
Currently Entered: 0 words.

Additional team members (if applicable)

Maximum of **200 words** allowed.
Currently Entered: 0 words.

Continue

PROJECT PROPOSAL (40%)

Clearly specify the dataset that will be generated, and how it can be used for AI research. *

Maximum of **800 words** allowed.
Currently Entered: 0 words.

Continue [Previous](#)

APPROACH TO DATASET GENERATION (20%)

Please describe in detail how the dataset will be generated, curated, checked for validity and reliability, de-identified for use on the Health Data Nexus, and maintained. *

Maximum of **1200 words** allowed.
Currently Entered: 0 words.

Continue [Previous](#)

RESEARCH TEAM AND ROLES (20%)

Preference will be given to interdisciplinary project teams. *

Maximum of **200 words** allowed.
Currently Entered: 0 words.

[Continue](#) [Previous](#)

FEASIBILITY (15%)

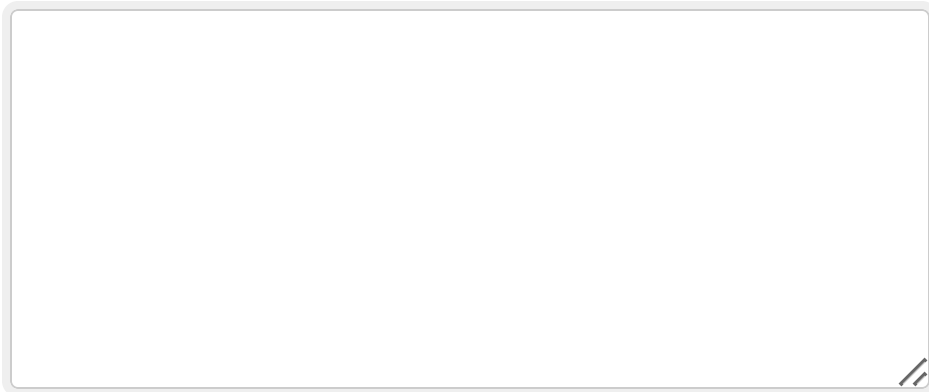

Please include project milestones, timelines, and cooperation with institutional REB. *

Maximum of **600 words** allowed.
Currently Entered: 0 words.

[Continue](#) [Previous](#)

BUDGET JUSTIFICATION (5%)

We welcome projects augmenting current research funds, partnerships, or matching (cash or in-kind) to demonstrate commitment to the initiative. Funds can be used to support student RAs, student stipends, open access fees, etc. Eligible expenses must align with the University of Toronto's Guide to Financial Management. *

A large, empty rectangular text box with a light gray border and rounded corners, intended for entering the budget justification. A small double-slash icon is visible in the bottom right corner of the box.

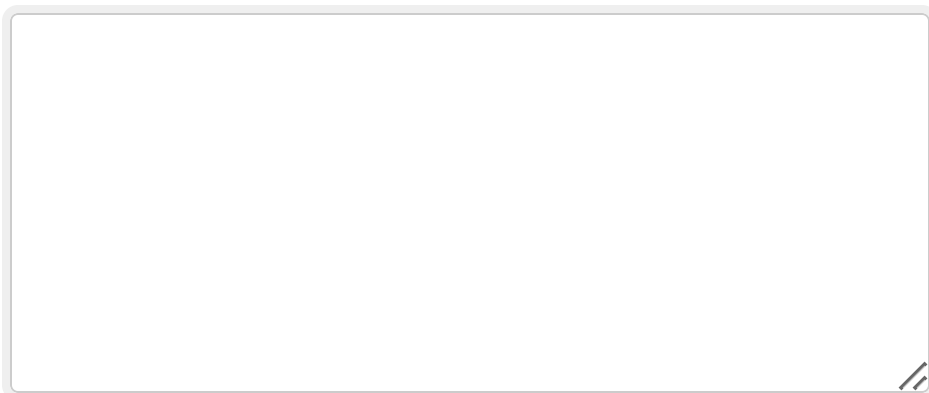

Maximum of **400 words** allowed.
Currently Entered: 0 words.

ANTICIPATED ZONE OF ACCESS AND REASONING (UNGRADED)

The Health Data Nexus has three different zones of access for data with increasing controls for data of increasing sensitivity. Priority will be given to datasets that would reside in Zone 1, which has the most transparent and equitable access process.

A large, empty rectangular text box with a light gray border and rounded corners, intended for entering the anticipated zone of access and reasoning. A small double-slash icon is visible in the bottom right corner of the box.

Maximum of **200 words** allowed.
Currently Entered: 0 words.

REFERENCES

Maximum of **500 words** allowed.
Currently Entered: 0 words.
